WHY FUSS

With a pair of Glasses not suited for your eyes? The best test for a pair of Glasses is not the price, but in the satisfaction and comfort they give. We give strict attention to these details. Our Graduate Optometrist (15 years' practice) assures you a thorough examination of the eyes. No charge to test yours. We have Glasses, Nosepieces and Spectacle Frames as low as \$1.00. Our new Optical Department is located on the Main Floor Balcony.

Holeproof Hosiery

The Holly Box given with these Hosiery is a work of art in design and coloring. Ready for mailing—if desired.

Six pairs of lisle or cotton are warranted to wear six months without holes, three pairs of silk three months. If any pair fails in that time we give you new hosiery free.

"Yes, the six months are up and our Holeproofs have outworn the guarantee."

Holeproofs are guaranteed because Japan's choicest silk and the finest, longest cotton fiber grown in Egypt are obtained. Cheaper yarn would wear like common hose. The way they are mercerized adds 22 per cent strength and gives the thread a lasting luster. The sulphur dyes make Holeproofs stronger still instead of rotting the yarn, as do cheap dyes—and they are fast colors. In ways like these, and not by coarse materials, we make the longest wearing hose, and make it ultra-stylish.
